

Nobody Else

Summer Walker

Tell me what you see in me?
Gotta be, something different
You must be made for me, patience is everything
In and out, in and out, in and out
Arguing, trifling
Difficult, baby more
I don't know, know, why you love me, yeah?
You got it bad, you got it bad for me, baby
Others who cried, yeah they can't have this baby

Nobody else but you
Nobody else could make this move
Nobody else had a clue
What I could do, what I could do
The right amount of love, the right amount of trust, the right
amount of dick
Right amount of slap me up would think I'm throwin' a fit
Right amount of role play, right amount of talkin' to me
Oh whoa, yeah, yeah
Oh, oh, hey, oh, oh

Feel it in my heart, feel it my soul, feel it in my bod-
My body, play fair, I gotta let you do, no
Will never fall out of love with you
With you, with you, with you, with you
I don't wanna fight, I don't wanna fuss
Baby I'm trusting you, I'm trusting you, whoa
Fightin' on my mind, fightin' all my life for you
I'm trusting you, babe
I want this, I want this to work out so bad
God I feel in my chest day and night
I want this, I want this, yeah, yeah
I'll never fall out of love with you
With you, with you, with you

My loyalty stay with you, ooh, ooh, ooh
Baby, baby, so come get you
Get you, get you, get you
Love, love, love, love
