

# Number One

Summer Walker

Remember when you came to me?  
You was like, "Sing to me"  
This is what I sing for you  
I'm Usher in the rain for you  
You know you're always number one (Came to me)  
You was like ("Sing to me")  
This is what I sing (What I sing for you)  
I'm New Edition in the rain for you  
You know you're always number one

Sing to me, that boy like Bobby got a thing for me  
You know that boy do anything for me, ah (Anything for you, and I can't lie)

Let me help you take off your shoes  
It's all about reciprocation  
Everything you do is amazing  
He's mine and I'ma stick beside him  
(I wanna be down, riding, baby) Forever riding  
So I guess I got you writing about me now  
(Now baby, I want you now) Now we belong together  
(I'ma lean on it) It don't get no better  
Say you sing in the rain like Usher, boy, I love you  
Put me in a song, won't you? (Put me in a song so I know it's real)
