

# Reciprocate

Summer Walker

Oh, now  
Yeah, yeah, yeah  
Oh, now  
Oh  
Yeah, yeah, yeah  
Oh, now  
Yeah, yeah, yeah  
Oh, now  
Yeah, yeah, yeah

First of all, forget these bitches  
I ain't even care 'bout your riches  
You know I'm a different girl  
Can't come from a different world  
It ain't even worth us splittin', but  
If you know what I was hittin' on  
You never would've came at me like that  
Never would've tried to play me like that

Like  
You don't have to spend no time  
Like  
You don't have to give your all  
Like  
You don't have to do it right  
Like  
You don't have to oh  
Like  
You don't have to talk at me  
Like  
You don't have to try and teach me  
Like  
You ain't have to learn me, earn me

All I wanted was for you to stay  
It's the bare minimum for me  
I don't wanna throw it all away  
It's a good thing, it's a good thing

All I wanted was for you to stay  
It's the bare minimum for me  
I don't wanna throw it all away  
But you gon' have to reciprocate (Have to reciprocate)

You can take that bag back  
I've had enough of all that  
You tryna cover up  
What you lack, that's just whack  
Give up the façade, I can see you  
If you let your guard down, I won't tell no one  
You just be yourself, but I'ma teach you  
That love is built, it can't be bought

I know that you just used to these bitches (You used to)  
They ain't bout shit (Bullshit)  
They just waitin' (They waitin')  
I know you met me in a club, but I'm different (I'm different)

I'm really fuckin' with your heart, am I trippin'?

All I wanted was for you to stay  
It's the bare minimum for me  
I don't wanna throw it all away  
It's a good thing, it's a good thing

All I wanted was for you to stay  
It's the bare minimum for me  
I don't wanna throw it all away  
But you gon' have to reciprocate (Have to reciprocate)
