

Screwin

Summer Walker

(Screwin', screwin')
(Better not, better not)
Sneaky babe
(Screwin')

The shit we be doing
Our folks call it screwin'
We be on that dumb shit
That stupid in love shit
I begged you to do this
You all up into me
Nigga, you better not pull it out

The shit we be doing
Folks call it screwin'
This stupid type of fucking
That we be on
We both bad at trusting
Relationships toxic
But you better come and fuck me now

It's 1:30 in the AM
Pussy nigga, what you sayin'?
You know I got needs, you know I got needs
But you're the only one who can please 'em

Excuse my language, that was my alter ego
I know I'm obnoxious sometimes
One minute I hit you the next minute on it
Then you bust me wide open and show me you're mine (You're mine)

Over and over again (Again)
Got me rubbin' in between my legs
Something missin', nigga where your head at?

Yeah, oh yeah
(Yeah, I need you right now)
(Get here)
(Get here right now)

The shit we be doing
Our folks call it screwin'
We be on that dumb shit
That stupid in love shit
I begged you to do this
You all up into me
Nigga, you better not pull it out

The shit we be doing
Folks call it screwin'
This stupid type of fucking
That we be on
We both bad at trusting
Relationships toxic
But you better come and fuck me now

I spread out like a blanket

Would you hurry up and make it, now?
I don't like it neat, make it messy
Ambidextrous, nigga stretch me out

The way you're fuckin' like a brand new engine
My intake's like a new invention
Sit on that dick like a hydro suspension

Pardon my language, nigga that's my ego
And I love to fuck all the time
Imagine, oh I love to play with your mind (Mind)

(Your body calling out to me, yeah)
Just a little, babe
For your pleasure, oh
Got big dick energy
You gon' see, I'm worthy
Coming in a hurry
You ain't gotta worry
I like how you freak
So discreet, not a peep (Shh)
I know that you're in love with me
Love with me, yeah, yeah
A hundred pumps straight
Goin' with the hammer
Baby, you're great
Especially on camera
Give me your permission
Pardon my swag, that's just me being me, though
And I love to fuck everytime
Time
And I know it's all mine

The shit we be doing
Our folks call it screwin'
We be on that dumb shit
That stupid in love shit
I begged you to do this
You all up into me
Nigga, you better not pull it out

The shit we be doing
Folks call it screwin'
This stupid type of fucking
That we be on
We both bad at trusting
Relationships toxic
But you better come and fuck me now

(Okay)
('Bout to come and fuck you now)
