

Switch A Nigga Out

Summer Walker

Normally I'm quick to switch up my playlist
In my mind I'll pack my bag and don't say shit
I got what it takes to say this
I got all the plays and I played it all like this

I, I, I, I, I wanted to
Save this
I, I, I, I, I want us to
Make it
I - I'll trade it all for you
Oh woah

But it just hurts so much
When it ain't working out
Cause I don't want nobody, nobody else
With you

And I used to be on my replacin' shit

I switch a nigga out
So damn quick
If he ain't getting
With my shit
But it just ain't like that with you

I better try that shit with you boy
Thought I was done, ought to try something new boy
I don't know
What I'll do

I, always thought I'm wasting time
You ain't never gonna change your mind
Tired of hearing all your lies
But I ain't wanna leave you lonely
So I come crawling back
Hoping it won't be like that
Hoping that you'll make a change
So that I can stay

But it just hurts so much
When it ain't working out
'Cause I don't want nobody, nobody else
But you

And I used to be on my replacin' shit

I switch a nigga out
So damn quick
If he ain't getting
Getting with my shit
But it just ain't like that with you
