Hey

Ms. Walker

Thank you for wanting a verse from me  
Apologies for the wait sometimes it's hard ta'  
Get the distraction up off ya  
For enough time to jot your thoughts  
But fuck it this morning I gotsta'

I'm thinking about ya  
I heard you just had you another lil baby  
Congratulations  
I hope you got through it with no complications  
I find it amazing  
The way that you juggle your kids  
The biz, the fame  
The bitches that's hatin'  
They sit around waiting' for you to fall off  
Like the album I'm makin'  
But I hope that you takin'  
A little time for yourself  
Stealing a moment or two to unwind  
Between the hectic sounds of your precious baby crying  
Do you clear your mind?  
Must be a lot goin' on  
I hear it in all of your songs  
Niggas been doing you wrong  
Family been doing you wrong  
On days you feelin' like you on your own  
I wrote this for you to put on  
Thank you for sharing your light, your voice  
And writing them beautiful poems  
Session 32 bring me to tears  
Be getting choked up when I hear it  
Seem like I keep crying  
Off so much since a nigga had these kids  
And I don't know what it is  
That made me so sensitive  
More than I already was  
But never mind that I'm back I'm sending you this little audio hug  
In hopes that you smile  
Forgetting the stress that piles from all the above  
The more that we hurt  
The harder we love  
As soon as it's gone we gotta re-up  
It's just like a drug

If people knew half of the pressure they'd know that it's hard to be her  
I'm sending you, SZA, & Ari my love  
Y'all holdin us down  
Y'all holdin the crowns  
You ever need something from me don't hesitate please  
Just hit me and I'll be around  
I'm gone

Call me when you need some  
Call me when you need some  
Call me when you need some love  
Call me when you need some  
Call me when you need some  
Call me when you need some love  
Call me when you need some  
Call me when you need some  
Call me when you need some love
