

Wasted

Summer Walker

Slammin' 'em fast at the bar tops
Drinkin' them straight with no regrets
Obviously I've got a problem
I like the taste

Wanna get wasted with you
Tell me what's good for me but I don't care
Wanna get wasted off you
Oh, yeah, yeah, yeah, yeah

I like the taste
I like the taste
I like the taste
Yeah

What an addiction, so high it costs
Gambled it all, just to be lost
But no love lost, no bridges burned
You live and you learn, I learned from my hurt

Show me what I have been missing
Crazy but I will not listen
No good for my health, it can't be when I'm with you
Yeah, yeah

Waste of time, my lover
Throw it back and I feel the burn
No good for my health, it can't be when I'm with you
Yeah

Wanna get wasted with you
Tell me what's good for me but I don't care
Wanna get wasted off you
Oh, yeah, yeah, yeah
Wanna get wasted off you
Tell me what's good for me but I don't care
Wanna get wasted off you
Oh, yeah, yeah, yeah, yeah
