

## 5:35 AM Interlude

Summrs

Ooh, ooh  
Let's go

You know that I hate that  
Don't you look me in my eyes and say you love me, don't say that  
Don't act like we go way back (Way back)  
Fight my demons everyday (Everyday)  
Finna move in a new house, too many people know where I stay (Ooh)  
I don't like people knowing where I lay (Ooh)  
Get on my knees and I pray  
Boy, I'm taking all these drugs, I stay safe (Ooh)  
On my way to a mill', I'm tryna buy me a Wraith (Ooh)  
Granny told me to keep faith  
I ain't never listened to what they say  
Sippin' on lean, gainin' new weight (Ooh)  
My girl see it up in my face  
This life shit, I'm tryna win  
God, forgive me for all my sins  
I'ma know I'ma sin again  
Me and my brothers, we repent  
They tryna throw us up in the pen'  
Judge don't want me around my brother  
Just wanna get high with you again  
I'm in the studio with no pen  
I swear codeine my girlfriend  
I won't cut you off, never again  
I'm steady pourin' away all my sins (Ooh)  
Steady pushin' away all my friends (Ooh)  
I'm by myself, all alone  
These here diamonds, real deal stones  
Tryna throw my chain on and fuck me to my song  
Your hair long, put down your phone, don't do me wrong  
We get along, my money long

Ooh  
My money long, oh
