

Baby, come and take a ride with me
Girl, I know you're feeling me
Know you feeling me
Baby, can you roll my weed?
Can you roll my weed?
I love your smile, love when you cheese
Evil
Summrs, you're so full of yourself
I'ma put four in my drop
I'ma miss you off the Wock, yeah
Four in my drop
Miss you off the Wock, yuh, aye
Turn me up, look

Baby, come and take a ride with me
Girl, I know you're feeling me
Know you feeling me
Baby, can you roll my weed?
Can you roll my weed?
I love your smile, love when you cheese
Sipping on this Wock, don't know to do
Baby, can you be my boo?
I'm with Autumn, he love to shoot
Nigga talking stupid, I'ma call up Deuce

Kick that bitch out like I'm Bruce Lee
We can go out for a smoothie
I be riding 'round with the toolie
You my Brittany, baby, I'm your Uzi
I'ma treat you right, that's my duty
Off off the drugs, I'm finna OD

Yuh, baby

Fucking on music but you, you can see that
Counting blue cheese, in my jeans, yuh, I need that
Fuck everybody else
I just want you by myself
Bitch, I'll die for you in Hell
I'm just smoking on dope by myself, yuh, yuh
Do you want to smoke with me? Yuh
Double G, you're pretty, know I got the beans, yuh, yuh
Flexing with my team, yuh
I got bands in my jeans, for the free, yuh, yuh
And I'm smoking on that loud
Is you at my house?
Now I'm smoking all that loud
Is you in my house?
