Hey-ya, hey-ya

I just bought you a new bag
Spending bags, watch your mouth
Know that I'm gonna pick you up
Even when a nigga down
You was here when I was down bad
So I'ma make sure you straight
Baby let's not go home tonight
Baby let's stay out late
You deserve to go to Neimans
You don't deserve no cheap shit
Gas got me hardly breathing
Don't want no other bitch they seasons
That means they quick to switch up
Baby pass me my lean cup
You been down since we linked up
