

Beep Beep

Summrs

Aye, I don't do this usually but baby it's just you and me
Way you shake that ass got me like woah
You're the only one that I want now
Remember when they used to fucking talk down
Now I'm getting all this fucking guap now
Feeling you I'm into you baby we can take off the moon
Baby you shine like Riri
Baby you so sweet like a kiwi
I be smoking gas smoking tree tree
I just poured a four I'm feeling sleepy
Money counter go beep beep, aye
And when I pull up I'm like beep beep
There's a lot of snakes on the grass watch your feet feet
Nigga talking down you know he gone have to see me
Gotta make my Mama proud see me on TV
She gone ride me like a surfboard
I be getting guap but I want more
I be getting guap but I want more

Beep beep
Snakes on the grass watch your feet feet
She gone shine bright like Riri
Baby you so sweet just like a kiwi
