

A nigga better mind his business
Fucking this bitch, yeah, she with it
She said she wanna smoke, well let's get it
I write my name on her titties
Can't fuck with nobody 'cause they witness
This ain't even rap, you just gotta listen
Man, all my niggas, they stay scamming
All of my niggas runnin' up them digits
Look at my diamonds, Liu Kang kickin'
On your nigga, I am shittin'
Bitch, I got the stick, shit'll get wicked
Just get on your knees and just lick it
My nigga a pit 'cause I tell him sick it
Still got a double cup 'cause I couldn't kick it
Summrino the lieutenant
She wanna fuck then what the business?
I'm finna beat the pussy, yeah, the kitten
I'm finna catch a body like a mitten
I need a Rod bitch like Dennis
And I got gold teeth, don't need a dentist
I need that green shit like some spinach
I'm sippin' on lean, I need to replenish
I dropped out of school 'cause I couldn't finish
I wanted money, they wanna be a dentist
All of my niggas they gettin' it
I still got money pending
The Gucci lying on my pendant
He said he want smoke, he looking so nervous
Perc got my eyes closed like a curtain
I think my pockets fat like that nigga Kirby
why is you worried?
He got that goosebump 'cause he scary
In the 911 and that bitch hurry
YSL coat and that bitch furry
Jugg that lil' boy, gon' do him dirty
I'm smoking on gas in the Uber, it's blurry

A nigga better mind his business
Fucking this bitch, yeah, she with it
She said she wanna smoke, well let's get it
I write my name on her titties
Can't fuck with nobody 'cause they witness
This ain't even rap, you just gotta listen
Man, all my niggas they stay scamming
All of my niggas runnin' up them digits
Look at my diamonds, Liu Kang kicking
On your nigga, I am shitting
Bitch, I got the stick, shit'll get wicked
Just get on your knees and just lick it
My nigga a pit 'cause I tell him sick it
Still got a double cup 'cause I couldn't kick it
