

## Chasing Ur High

Summrs

You made me feel right, baby stay for the night  
Understand that you got a flight, understand that you'll be mine  
Love feeling like a drug, cause it get me through the night  
Always chasing the high, see that shit up in my eyes  
Making that shit be so hard, sit yo' ass down and let's talk  
Tell me in my phone, what you saw  
Me throwing money at these broads  
Seen a bitch up in my car  
Now you abusing alcohol  
You feel that shit up in your heart  
That's what I felt when you did it to me  
It's weighing on your heart heavy  
And I know that you feel you can't breathe  
All these bitches wanna sex me  
And I know you a freak for me  
Just know that I'll be the nigga that you wanted me to be  
When I get down on my knee, and say "You will marry me"

You made me feel right, baby stay for the night  
Understand that you got a flight, understand that you'll be mine  
Love feeling like a drug, cause it get me through the night  
Always chasing the high, see that shit up in my eyes
