Summrs

Could you fall for someone else?
Couldn't be them, all they take is L's
And I don't need no help
Fuckin' a bitch that go to Yale
I just put some money on Daro bail
I'm drivin' a Rolls Royce in Rodeo
I'm stuck in the drugs, I'm deep
I got LV on my feet
Carry a lot of pain, it's heavy
Acne jeans, I got no crease
I get to the cheese, it just increase
I get to talkin' when I hear the beat
Yeah, all my flows heat
A-B-C-D-E-F, bitch, I'm a G

And I don't smoke gas but all my niggas keep tree
I remember hoopin' with my friends right there on Peachtree
I'm unlockin' all doors, for me I got the key
Feel like I'm back in high school 'cause all I do is teach
It's gon' be a fee, a high one if you want a feat'
I feel like Kobe, I'm lil' Rino, the MVP
This bitch a clown, she should've worked at Mickey D's
Pussy bitch, stand down, you better not stand up to me
Sosa took him down 'cause that boy was too green
I could be fuckin' with you for one second then I'm gone in a fuckin'
blink
Bitch, you know how I come, bitch, you know how I bleed
Bitch, I'm hotter than the sun, nobody hot as me
On the couch fallin' asleep, nobody high as me
I take Oxys, the pinks or the Roxis, the blues
I had dropped out of school then I got on the food
Then I ran up the blues, what he got on is fu'
Lil' bitch, I never lose, I'm lil' Rino, lil' dude
She tryna send me nudes, they tryna see me lose
Baby, look at the view on the balcony, it's cool
