

die out

Summrs

Thrillboy
Summrs

Pick up the rose, lil' baby
Don't let it die out right now, baby
'Cause you was one that I chose, lil' baby
You the one that I want smoke with, baby
You and I know that you drive me crazy
Know that you one of a kind, lil' baby
Pick up the rose, lil' baby
Don't let it die out right now, baby
Please, I want you right now, baby
The things that I'd do to you right now, baby
We don't even gotta fight now, baby
That nigga better chill, better pipe down, baby
And, no, I ain't piped up but pipe down, baby
I'll shoot anything in sight now, baby (Go, yeah, go)

Live fast and I'ma die slow, baby
You know that I'm not no joke
Yeah, he goin' out sad, wouldn't wanna be him
I see all these niggas all in your DM
I think about you at 3 A.M
I'm watchin' that ass like, "Damn"
Lil' baby, where you wanna go?
Baby, let's get on the road
Everything you do is gold
Baby, let's ride slow
Don't take me as a joke
Take you around the globe
Put you in some Christian Louboutins
Say you pullin' up, well, do it then
You ain't even worth the shoes that I'm in
Don't text me on that stupid shit
Get your nigga, I'm coolin' it
Audi R8, I'm boolin' in
Yeah

Oh, oh, oh, oh
Oh, oh, yeah
Oh, oh, oh, woah

Pick up the rose, lil' baby
Don't let it die out right now, baby
'Cause you was one that I chose, lil' baby
You the one that I want smoke with, baby
You and I know that you drive me crazy
Know that you one of a kind, lil' baby
Pick up the rose, lil' baby
Don't let it die out right now, baby
Please, I want you right now, baby
The things that I'd do to you right now, baby
We don't even gotta fight now, baby
That nigga better chill, better pipe down, baby
And, no, I ain't piped up but pipe down, baby
I'll shoot anything in sight now, baby
