(Mike Papi and you fucking with young Orcery)
(Love you, Summrs)

Ain't no VLONE but I'm feeling alone
Where was you at when I was hungry at home?
Kicking shit, smoking on gas, where the dope?
I'm high as fuck, bitch, I'm stuck like a probe
Condo, no, I don't need a loan
Thinking about you when I'm making these songs
She wanna fuck me because I'm so numb
She think we in love, she tryna check my phone
Off of this Perc', I'm in my zone
They stealing my swag, yeah, these niggas is clones
And he act like he ballin', I know he don't own
I ain't need no help, I did it on my own
Off of the cookie, I be so stoned (Hellworld)
High as fuck like a motherfucking drone

Cookie got my eyes closed like a curtain
I'm high as fuck so I don't got no service
I'm in my bag like a motherfucking Birkin
Boys in the hood, now I'm living suburban
I want the money, yeah, I'm so determined
Bitch sucking dick, damn, what is your purpose?
I'm flexing on 'em, yeah, I did it on purpose
Who better than me? Don't know, I'm still searching
Skinny jeans, boy that nigga in
They watching me, yeah they motherfucking lurking
Off of a Perc', it got me so nervous
I updated like a motherfucking version
My nigga fucked her but she said she a virgin
Sipping on poison like a fucking serpent
My pockets on fat, they looking like Curtis
You niggas is clown, don't wan' be a circus

Ain't no VLONE but I'm feeling alone
