What you be thinking about when we driving this S Class?

I guess just how amazing our life is together

Yeah

I just fuckin' accomplished

We gon' take my whip, it got room for five

She say the Gallo close at six, we'll make it by five

I'm out on bond, I ain't 'posed to have my fire

But I'll be damned if I let a nigga take me if he not God

Look, your bitch'll probably let me take your spot

My niggas don't like rappers, they'll probably take your watch

Yeah, I'm a real stand up guy, business guy, funny guy

But if you acting funny, we'll turn you to a stand up guy

You know, them cardboard posters, yeah

Pop Xans and get loaded

I'm busting her open

Off lean, can't control it

But I'm still having motion

She rubbin' me down in lotion

Top floor, views of the ocean

I'm falling for you
