Summrs

(Love you, Summrs)

Knew you was straight from the jump  
Smoking on gas from the jump  
These niggas, they clumsy, they chumps  
Feel under pressure, got stress in my lungs  
Yeah, Versace and Prada my shoes  
They watching everything we do  
Hop in the spaceship with lil' baby  
We can take off to the moon  
Dodging labels like a juke  
I'm balling like I play for Duke  
Look in my cup, I'm sipping DJ Screw  
Ew, ew, lil' bitch made me puke  
I'm in the stu', I'm going coo  
Mob going crazy, like, get to the loot  
My foot on they necks just like  
They watching Summrs just like I'm the news

I'm sipping on medicine, yeah, this ain't no regular juice  
medicine if she ever play me like a fool  
be the preference, I get high as the fucking moon  
I pull up to your residence and let this ho loose  
My cup full of residue and I'm posted on the avenue  
My bitch wet as fuck, I might need a fucking canoe  
Off of a pill stuck as fuck, stuck like some fucking glue  
That bitch said she wanna fuck, I'm like tell that ho come through  
I know that I'ma be up, just waiting for my breakthrough  
I'ma finna come pick you up, baby, tell me when your shift through  
Been that nigga lil' baby, this shit ain't new  
I'm in this bitch going eighty, I don't need a fucking coupe
