Woah

I think she want to fuck with me
I think she see the perc in me
I think I spent 'bout five on these jeans
I think I'm finna go buy a Plain Jane rollie
I think that my kidneys is fucked up
If you ain't make a hunnid thousand this year shut the fuck up
Just to think I was the shit last year and then I came up
I remember when my ex bitch told me that I wasn't gon be shit
I remember when I couldn't afford shit in Saks Fifth
Now I just buy what I want, do what I want and that it
No, I don't want to fuck you I just want the neck and that's it
I just asked a bad hoe if she ever fucked in an X6
Have you ever hopped on a PJ just to hit a lick?
Have you ever put a band on a nigga head for talking shit?
Have you ever texted a old bitch that you really missed?
Have you ever seen two hoes fuck right in your face?
Perhaps she wanna kick it with Lil Rino one day
No, I ain't OVO I'm Slayworld but I love Drake
Jolly Ranchers in my cup mixed with the lean can't tell you how
it taste
I used to be at the bottom now I'm rocking high-
end fashion shit
Perhaps you can take a perc and turn into a whole new bitch
