Pull up in exotic let the doors up on ya, yeah

(You never showed up)

In this ho fucking on another nigga bitch
I'm with all my niggas and I hope they don't switch
Yeah I got rich bitch, check out my wrist
I can't give you love 'cause I know you gon' switch
Wasn't born with it, got it out the mud bitch
If you act right, put Celine on ya bitch
I'm fucking with ya friend, I put her on the team bitch
Can't find Wock' so I'm sippin' Tris bitch

Pull up in exotic, lift the doors up on ya
Pointers on my neck, bitch I'm froze up on ya
I was sippin' drank then we got pulled over
I feel like myself, yeah, when I'm not sober
Yeah, and I hate looking for ya
Shouldn't have to look, you should be there for me
I can't go nowhere without that heater on me, yeah
Don't try to make me a good guy, bitch I told you I'm a bad guy
Now let me fuck you in the shower with your hair tied
Tell the people we had something, that's a damn lie, yeah
I'm in the H throwin' hunnids up in VLive
Sippin' on syrup like a beehive
At the club, took a broad to the Marriott
Fucked her and she Uber to her nigga's spot
Then I took a flight to the CT
To go fuck bitch that I met on IG
Been watching her since I was thirteen
Damn, crazy how things could be
Crazy how when you make it somewhere people wanna come around, yeah
Bitches wanna be down
But you can't play me bitch, I am no clown

In this ho fucking on another nigga bitch

If you act right, put Celine on ya bitch
I'm fucking with ya friend, I put her on the team bitch
