Summrs

Baby ain't shit change, but a little change
And my motherfucking name
I know she wanna fuck me
Cause she see my diamond chain
See my diamond ring, baby pull up in that range
Riding through the city with my God damn bang
I'll shoot a nigga I don't need no close range
Shawty see me in the mall, she like "Is you Mr. Bangz?"
Baby that's my name, but don't say that shit in vein
I'm not a lover boy but I fell in love with drank
Off the OG gas pack and you know it stank

I know you ain't go out like that
Hell Nah, they ain't got me on tape
Summrs your so full of yourself

Baby ain't shit change, but a little change
And my motherfucking name

Cause she see my diamond chain
See my diamond ring, baby pull up in that range
Riding through the city with my God damn bang
I'll shoot a nigga I don't need no close range
Shawty see me in the mall, she like "Is you Mr. Bangz?"
Baby that's my name, but don't say that shit in vein
I'm not a lover boy but I fell in love with drank
Off the OG gas pack and you know it stank
