

Neiman!

Summrs

Brought yo ass some weed, now you gotta leave
Wake up from this dream, cannot wake up from this dream
I need you and me, baby I need you and me
Baby you so cool to me, put you in some jewelry

(I come home July third, okay? First person I'm seeing is you,
okay? So be ready. Don't just leave me hanging)
(Kankan on the beat)
(Come fuck me Summrs)

We was up at Neimans, you act like you wasn't at
Baby you gon get it, just let me get to them racks
You came to my life, and you gotta be do attached
You just wan' do this right, ain't no bitch gon top that
You know we forever baby, Aye
You know we together baby, (Aye)
Together forever baby, aye, (Yeah)
And I'm goin off this pressure baby

Brought yo ass some weed, now you gotta leave
Wake up from this dream, cannot wake up from this dream
I need you and me, baby I need you and me
Baby you so cool to me, put you in some jewelry
Know that you real cuz you gon write me letters
I'm off a pill, just to feel better
Our love is real, ran up all these better
I'm Jack, you Jill, it's the perfect love letter

We was up at Neimans, you act like you wasn't at
Baby you gon get it, just let me get to them racks
You came to my life, and you gotta be do attached
You just wan' do this right, ain't no bitch gon top that
You know we forever baby, Aye
You know we together baby
Together forever baby
And I'm goin off this pressure baby, aye
