

Nightfall Outro

Summrs

This our anthem
All black Phantom
I'on wanna hear nun'
Hold ya for ransom (Woo-ooo)
(When the night fall, you better have somewhere to go)
(When the night fall, I put these drugs in my soul)
(When the night fall, I don't know which way to go)
(Nightfall, we don't let them tell us "No")
(Nightfall, nightfall)
All black Phantom
Hold ya for ransom (Nightfall, nightfall)
I'on wanna hear nun' (Nightfall, nightfall)

Factory diamonds, factory whip
Autopilot, I'm steerin' the wheel
Play with this shit boy yo ass get killed
I got more money than last year
Broke before but not no more
Let the curtains down up in the Ghost
I done did shit nobody know
They was laughing now the joke's on you
Anything they do, I could do it too
Matter of fact, I could do a lil better
I get crossed out, look in the mirror
They get crossed out, I don't trust niggas (Yeah)
Got a '45, I bust you niggas
Gotta fill my cup up
See them niggas get fucked up
