

#nmnl Intro

Summrs

(What do you desire?)

Oh, oh, oh

Yeah, yeah, yeah

(Bitch, haha)

Yeah, yeah, yeah

Yeah, yeah, yeah

Back then, in high school, they shitted on me

But guess who do the shittin' now

Guess who do the talkin' now

Back then, bitches didn't want me, rather fuck my homies

Guess who they- haha

I ain't get everything I deserve, yeah

They say the drank is holdin' me back

Say I fell off, well look at my stats

Said she ain't fuckin', that's ball cap

I ain't listenin' to y'all raps

'Cause it's just me and gang up here

Made so much money, wanna shed a tear

See the snakes through my rear-view mirror

My smile lookin' like a chandelier

She ain't gettin' no special service, put her up in the Lyft

Gotta watch how I move before I get killed, yeah

And I'm just me, keepin' it real

And no, I ain't puttin' no adlibs

'Cause I ain't need 'em just to say the real

Recappin' my life, I don't know how I got here

I was supposed to put my grandma in a limousine

She asked me that personally

But she no longer here

And it fucked me up, I really shed tears

It fucked me up so bad that I was payin' for pills before I paid the bills

I was supposed to text her back when I had signed my deal

She said she was proud of me

She always knew I'd be a prodigy

I wish I would've picked my phone up and hit you back, man, honestly

Nothing more, nothing less

(Gotta stop being selfish with who I love much more often)

Nothing more, nothing less

(Bitches tryna get closer to me and me being selfish is not helpin')

Nothing more, nothing less

(I know that I got a purpose but I'm actin' like I don't deserve it b
y takin' all these Perkies)

Nothing more, nothing less

(I just hope every decision that I make is all worth it, not worthles
s)

(Bitch, haha)

I miss you Brenda, wish me the best
