Summrs

(BrentRambo)

Yeah

Double R, bird Business

What's up, Brent? Huh? What it do?

Yeah

How much it cost to get him whacked?

I been a boss, but you knew that

I got your bitch in the Rolls Royce, she tryna give me that cat

Yeah, my diamonds so pretty, my diamonds so gorgeous

Big body Benz and it's sittin' on Forgis

We goin' public, she want me to record her

Big-ass rod, keep these niggas in order

Yeah, I got a MILF bitch and she stay up in Florida

Yeah, my niggas get packs in from across the border

Yeah, she askin' if I'm rich, I'm like kind of, sort of

These racks, I need more of

This bitch ain't got no morals, yeah

Go out to Cali', I'm rockin' no Bally

I got a white bitch, she stay in the Valley

She choosin' me like I'm up in the rally

I got that ass now, she got a fatty

Focused as fuck up off this Addy

Losin' control up in the Aston

I got a foreign bitch, she so nasty

Yeah, step on the gas

Get away from 12, I'm drivin' too fast

My nigga kill your ass with no mask

Fuck all the bullshit, we duckin' from task

Fuck all that bullshit, we beatin' this case

Can't let this groupie just know where I stay

Somewhere in Texas, just so out the way

Try some lil' dumb shit, your ass gon' get faced

Imported this foreign bitch to the states

Dropped a hundred on my wrist today

Feelin' like I'm not myself in LA

That's why she never see me in the Bay

Niggas ain't havin' no type of cake

That's why I'll never see y'all in a Wraith

Wake up and make me a fifty today

Spend that lil' shit just to furnish my place

If I pull in Maybach, bitch, get out the way

If he drop that diss, send his plaque to his grave

We goin' number one today

I buy what I want every day

She eat me, then call it a day

I fuck her, then go 'bout my way

He kissin' that bitch on the face

When I just drop dick in her face

Yeah

How much it cost to get him whacked?

I been a boss, but you knew that
