

# No Regrets

Summrs

Aye (Go)

In the whip, smokin' strong  
G-Star, ain't no Vlone  
She wanna know what I'm on  
Baby hit me, when you home  
(Love you Summrs)  
Baby don't the  
And I need yo' dome  
Baby what you on?  
You singin' all my songs  
Take a trip to the moon  
I know where the play at, we on  
And we gone off the 'shrooms

Baby I find you so cool  
Don't leave me alone  
Baby come hop in this hatchback  
Off a perc, give me the flashbacks  
Where you at, can we text, text?  
I'll never be broke, we can bet that  
If I did, I'm gon' regret that  
You waitin' on me to text back  
Heard you could throw the neck back  
Fucked you on the first night, don't regret that  
Baby girl, when I'm off a pill  
Baby girl, let's run up a mill'  
Baby girl, let's move to the hills  
Baby girl, let me get you some heels  
Baby girl, you ain't know this a pill?  
Baby girl, you so naughty, for real  
Catchin' feelings, yeah for real  
Think I'm catching feelings, yeah, a lil'  
Yeah, beam on a Glock  
I want a Glock  
She all on my cock  
I like you a lot  
I'm uppin' the top  
Don't try me, get popped  
Sippin' on some rock  
I'm sippin' on Wock'  
Aye, go, go (Go, go)

In the whip, smokin' strong  
G-Star, ain't no Vlone  
She wanna know what I'm on  
Baby hit me, when you home  
(Love you Summrs)  
Baby don't the  
And I need yo' dome  
Baby what you on?  
You singin' all my songs  
Take a trip to the moon  
I know where the play at, we on  
And we gone off the 'shrooms

Baby I find you so cool

Don't leave me alone
