Yeah  
Oh, yeah  
They don't know how to act now  
Oh, you fell in love with the money forreal  
You don't know how to act now

Tuh, crazy as hell  
You might catch me in some new Alexander Wang  
You might catch me in a new thing  
I'm healthier than ever but that don't mean that I quit the dra  
nk, pour up  
Seen you been fucking with these lames  
Would've thought you was on some different shit but you on the  
same thang  
Won't you slide, baby, on the beach with me? Yeah  
Throw it up  
We don't even really give a fuck  
We slide in a Bentley coupe with the stars on the roof  
All you do is look good  
Seen you with your bestfriend off of the Henny dancing in the c  
lub  
And I been off the perc's heavy, babygirl, you might catch me d  
ozing off  
Woke up off a Xan'  
Hell yeah I did it all  
I done got some money out the blue, ouu woah  
I done got some money out the-  
I done got some money out the blue  
I done got some money out the blue  
Got blue
