Summrs

Who put this thing together? Me!
(Yea)

Beamer M3, come rock with me
Tell me all of your thoughts, give me all of your needs
I can barely even walk 'cause them Xannies in me
I ain't even rich yet but I'm plannin' to be
Look up at the stars and you might just see me
What was goin' through your head when you first seen me?
What was goin' through his head when he was tryna be me?

Sippin' on this red, yeah, I'm sippin' on this lean (It's Moe T
rappa and you fuckin' with Surreal Gang)
I'm lovin' how we talk, yeah, I'm lovin' how we be
I said, "Look up at the stars and you might just see me"
You are my girl, you my everything
I'm playin' through your curls while I'm watchin' you sleep
You part of the reason I wanna OD
Part of the reason I don't get no sleep
I think about you, but do you think about me?
I made all this guap without a degree
Light up this gas, I'ma smoke on this tree
AMG all black, I'm goin' top speed
Take a look at me, tell me, what do you see?
