

Phantom Muzik

Summrs

Yeah, yeah
Double R, bird business
Woah, yeah, yeah

Everything I did, turnt out big
Bitch wanna have my kid
I'm sittin' behind tint, they wanna split my wig
Know anybody can get touched, but you can't touch this, yeah
I did everything in the book, I don't go by the book
Bitch ass nigga lookin' at me crooked, he gone get D Booked
I know these fuck niggas be rookies, tryna steal my shine
I'm the one that gave them the blueprint, I extended my time
Sometimes I don't see the light, it feel like I'm blind
I get higher than a flight, think I'm tryna end my life
Still doin' things wrong, thinking everything was right

Won't let em knock me off my pivot, I came through trimmin'
Ain't losin' myself to these women, I'm ten feet in it
Then I tote champagne and new beginnings, me and my family winn
in'
I suit up and then get to strikin', tell my young niggas "Strik
e 'em"
Bitch, I move 'round like a God, I ain't got no disciples
Niggas tryna take my title, niggas movin' like snakes
I'm startin' to think "Buddy, that's a rival"
I'ma hit you up on arrival, sittin' in the back of the Phantom
My brother told me I was his idol, so I gotta do better
One hand on the wheel, one hand on the steel
I'm gripping heavy metal
You can play with this shit, yo ass'll get killed
You fucking with the devil

Everything I did, turnt out big
Bitch wanna have my kid
I'm sittin' behind tint, they wanna split my wig
Know anybody can get touched, but you can't touch this, yeah
I did everything in the book, I don't go by the book
Bitch ass nigga lookin' at me crooked, he gone get D Booked
I know these fuck niggas be rookies, tryna steal my shine
I'm the one that gave them the blueprint, I extended my time
Sometimes I don't see the light, it feel like I'm blind
I get higher than a flight, think I'm tryna end my life
Still doin' things wrong, thinking everything was right
