My ice it be polar  
Your girl called my phone  
Can she come over?  
Man I swear I'm never sober  
Riding in that beamer or that rover  
I gotta get some loot today  
Or I might just not eat today  
I pass the blunt and I just fly away  
I pass the blunt and I just fly away

Got some Louie on my shoulder  
Bitch I'm getting bolder  
I been counting up my guap  
I promise I will never flop  
Your bitch suck me like the candy shop  
Pull up in a drop top  
Ice around my wrist  
Gucci on my bitch  
Burberry on my bitch  
My ice so cold catch pneumonia  
She ain't sucking she's a goner  
Me and all my niggas loners  
Me and all my niggas stoners

My ice it be polar  
Your girl called my phone  
Can she come over?  
Man I swear I'm never sober  
Riding in that beamer or that rover  
I gotta get some loot today  
Or I might just not eat today  
I pass the blunt and I just fly away  
I pass the blunt and I just fly away
