And you fuckin' with these clowns

Baby girl, you make me smile

And I need you, right about now

Ayy, baby girl you know it's real

And I keep that fuckin' steel

Girl, I miss you, I need you right now

Come and pick you up right now

If you got an issue, I'll pull up right now

Ayy, yeah, right now (Right now)

Yeah, I miss you, baby, right now

Come and pick you up right now

Oh my God, it's CashBently!
