

Should've Known

Summrs

We just hit up Saks, and got a new fit
Off-White, mixed with the Ksubi
Sippin' on that lean, you should've knew it
See me on IG, posted with a new bitch
They just wanna see me down, wanna see us down
No way Jose, bad bitch go both ways
I'm strapped up, I'm okay
Pockets fat, on Rose
I put that shit on lay away
I fucked this bitch the same day
In a Tesla X, riding 'round up in the H
What's up on my mind, I gotta make a play today
Got my nuts up in your mouth, baby tell me how it taste?

K pop that nigga like a zit (Bleh, yeah)
K smoke a nigga like a zip
Look up in my pocket, blue strips
Ow, ow

I got my slime, them niggas on mayday
Come over and fuck, we gon' have a nice day
Have a nice day
I just smoked Gelato
I paint her face, Picasso
Everywhere I go I keep my Iron on
Let's go away, to places you've never been before
We can all night
Tellin' all your friends I hit it right
Mix the Rick with the Ksubi
I know that you wanna do me
