Summrs

(Da-Damn J Stew, you made this one too?)

Ba-bands in my jeans  
Come fuck with me  
Come rock with me  
Know you wanna rock with me  
Say she fuck with me in a Jeep  
Baby, I'm off a bean  
They love our chemistry  
I know you see the good in me  
I'm gettin' guap lil' nigga, no cap  
Ride 'round with that strap  
Shawty wanna sit on my lap  
Aye, designer all on my cap  
Put a pussy nigga on the map  
I know that the nigga just rap  
Tryna get the revenue (Slatt, slatt, slatt)  
Pull up in a coupe  
Tryna count this loot  
Shawty want my loot  
She can't get no parachute  
Kick shit with the crew  
Shout' my nigga J Stew  
Baby girl what's the move  
We could really play it smooth  
Shawty bad like a Jewel  
Put a nigga on the news  
Pull up in a damn Bruce  
Choppa give a nigga bruise  
I don't got no damn cool  
Off a perc can't move
