

# Take Control

Summrs

I know you want somebody that's gon' take control, let me take control

Let me take control, let me take control

(NinetyNiiine)

Take control (Take control)

I know you want somebody that's gon' take control, let me take control

Let me take control, let me take control, take control

If the AMG in autopilot, baby, let it take control, yeah, we riding slow

You got your Chanel on, you be putting that shit on

Don't post me on your IG, media gon' know what we on

And I ain't really the type to brag, baby girl, you know what I 'm on

You look great, you in the spotlight

You said I'm too famous for you and it's not your type

But baby girl, you my type

I'm finna bust down, you finna plain jane

Said I'm for the streets, all you girls be the same, baby, I do n't discriminate

And I ain't tryna change the way you look at life, I ain't tryn a be up in way

Told you I don't sip like that no more, only do it when I'm in the H

And I met you in the H (I met you up in Houston)

I know you want a nigga that's gon' take control, let me take control (I'ma take control)

I know you want somebody that's gon' take control, let me take control

Let me take control, let me take control, take control

I know you want somebody that's gon' take control, let me take control

Let me take control, let me take control, take control

Let me take control, let me take control

Take control

Take control
