

## The Switchup Interlude

Summrs

Aye, just don't switch up on me, switch up on me  
Aye, just don't switch up on me, switch up on me  
Just don't switch up on me, switch up on me

Top of the coupe, just cut her off  
Got some lil niggas knock ya head off  
I don't really like you just your head raw  
VV's on my chain now I'm looking like a big dog  
I done did a lot shit before  
Just make sure you cross the road just to get where you goin'  
Niggas switched up on me, they tryna take my throne  
Sipping on some cough syrup I ain't sippin' on Patron  
Got the lil bitch on her knees blowing dick like a motherfuckin  
g trombone  
Remember being a lil nigga, had to call my bitch on the house p  
hone  
I done did what you wish, nigga

Don't switch up on me  
Don't switch up on me, switch up on me  
Just don't switch up on me, switch up on me  
Aye, just don't switch up on me
