

The Vision

Summrs

One hunna

Made a new song
And they ran with it
Tryna keep the sauce
You ain't fuck with the vision
I guess you ain't fuck with the vision
Guess you ain't fuck with the vision
They ain't fuck with the vision
Do you fuck with the vision?
Made three bands today
Do you fuck with the vision?
Imma split it with my niggas
Yeah, and you gone do the division
Hop in the Trackhawk
Ran in a new dimension
No, we ain't broke no more
We on a new mission
Was gucci off last year
You ain't fuck with the vision
I guess she ain't fuck with the vision
I guess she ain't fuck with the vision

Racks all in my Amiri
I just popped a damn Oxy
And it sounds so easy
Just tryna lie on my name
How you came up with that thing?
Codeine in my veins
Got me feeling that lil' bih
Crack a seal off the seal
Made six figures with no deal
He ain't got no bands and no deal
Tat my name on you then I know it's real
Pop a perc, it gave me chills

Made a new song
And they ran with it
Tryna keep the sauce
You ain't fuck with the vision
I guess you ain't fuck with the vision
Guess you ain't fuck with the vision
They ain't fuck with the vision
Do you fuck with the vision?
Made three bands today
Do you fuck with the vision?
Imma split it with my niggas
Yeah, and you gone do the division
Hop in the Trackhawk
Ran in a new dimension
No, we ain't broke no more
We on a new mission
Was gucci off last year
You ain't fuck with the vision
I guess she ain't fuck with the vision
I guess she ain't fuck with the vision
