Yeah, yeah, yeah, whew

Aye, Duece can you roll this for me?  
Hold up, where the fuck the bag of weed?  
I walked in this bitch with a pound of weed  
Got it out the ground I was in it deep  
Playing with them racks like I'm playing with keys  
The Glock the only thing that I see  
Don't you love when you hear that bitch go beep?  
Oh, you broke as fuck you never heard that  
I got a G2 with me it got kickback  
Give the Glock to Autumn shooting out the kickback  
You got to Cash App me to get your bitch back  
Knock that boy head off tell him shake that  
Tell that hoe lol and she say she hate that  
This flow right here, yeah, I made that  
Your love right here and she ate that  
This nigga lollygagging we don't play that  
She like "Is that Rino? Could you play that"  
Shit, you got a fatty, could you shake that?  
I'm too D1 I'ma just say that  
I'm smoking the fat 'wood in a Maybach  
I fuck with the white girl I don't do the black  
Where is the tape? Nigga, I had to push it back

Yeah, yeah, yeah, whew  
She want to meet right now  
Chopper on me right now  
I got the Moncler on me right now  
I'm fucking this hoe 'cause she'll bust down  
I scored on the pint, nigga, touchdown  
She want me to fuck when I touch down  
And this F&N spraying rounds  
You talking foul you finna fall out  
'Cause the G2 really knock him out  
Have his goofy ass dancing like Lil Dorian

Gave the Gucci belt away it got boring  
We too elite you can't ignore us  
I came on the beat wit a fuckin' chorus
