You look bad like you supposed to belong on Vogue, yeah

I'll fuck you in the Ghost, bitch, I ain't stunting  
How the fuck you didn't go ghost, I'm just being honest

Is it bad, this party you should pop off  
I got racks, don't even know the drop off  
I count hundreds, oh yeah, I can't stop now  
It's some hating-ass niggas waiting on me to fall off  
Got a couple brothers I came up with and had a fallout  
I walk up in Louis Vuitton and shut the store down  
I just signed a deal so now I fly private  
You ain't gotta tell all your lil' friends, you can keep it private  
I got this lil' thing that I met in Providence  
We laid up, we watched Netflix and we got to know each other  
Had to tell her you so bad and baby, I'm not like your other
