2:30 in the morning, I'm geekin' off ecstasy  
This bitch a freak, and she wanna have sex with me  
I'm off the Henny, it's getting the best of me  
Mixin' the Oxy with recipe  
Diamonds all on me, yeah, they fighting, they wrestling  
I hit, call you back 'fore I went to sleep  
In the SRT, I'm smashing the gas  
Gettin' away, police can't get no pass  
All I wanted is the money, the bag (Bag)

This codeine on my ass, I'm hopin' that I don't crash  
In the straight driving fast  
You way better than my last  
In the strip club throwing hundreds, and I might  
Your body right, you lookin' bad  
That ass is fat, you wiggle it on the 'Gram  
You got your license, got them nails  
You got accepted up in Yale  
She got long hair, no kale  
Anything you do, you don't tell  
She live in the mountains up in Vail (Vail), yeah (Yeah)
