

## When U Drunk Interlude

Summrs

You only hit me up when you drunk  
Drunk, uh (Yeah)

You only hit me up when you drunk  
You only hit me up when you, drunk  
You only hit me up when you-

You keep callin' my phone when you drunk baby  
I thought you didn't give a fuck baby  
My ex bitch fucked up my trust  
Is it real love or this shit is just lust?  
We left our separate ways  
You hittin' my phone at late nights  
Said she wanna come fuck and stay  
Off of the perc, baby I forget about you  
To be honest, I don't really care about you  
Take you to the moon, 'cause off of this gas we gon' be so high  
A bad girl, you was mine (Mine)

Drunk  
Only hit my line every time you-  
You only call me when you drunk, drunk  
You only call me when you drunk  
Call me when you drunk  
You only call me when you-  
Its 2 AM  
Its 2 AM  
Its 2 AM, you should-  
Its 2AM  
Its 2AM (Drunk)  
Call me, said she missed me  
Only call me up when-
