

# Won't Last

Summrs

It's 10 o'clock on a Wednesday and I love you  
Driving up and down your street hoping that you come outside  
Oh, mm, woah-oh  
Woah-oh, it's like  
Quarantine got us talkin' sexual through the phone  
Gettin' sexual, oh, yeah (NinetyNiiine)

Quarantine got us talkin' sexual through the phone (Sexual)  
I'ma take this pill and get in my zone (My zone)  
You're badder than the last bitch I fucked up in Miami  
I know I'm talking with a slur but I hope that you can understand me  
I ain't perfect but I'm richer for sure than your last one (For sure)  
I'd give you my heart if I had one (If I had one)  
I'll fuck you on the beach if you want to (Want to)  
I'll show you the real me but you don't want that (Want that)

I tried it with this one girl but it didn't last (I tried it)  
You can't take my drugs with me, bitch, you won't last (You won't last, yeah)  
I'll share my lean with you if you want that (Want that, yeah)  
I'm a rich ass nigga, baby, you ain't gotta ask

I'm fucked up on the yacht, could you take my cup from me?  
I ain't poppin' out with you, bitch 'cause you ain't enough for me  
But I fuck with your energy  
But I'm off a pill, how real could it be?  
She can't get enough of me  
Her friend know what's up with me  
We was ridin' in the Rolls Royce, then she got to touchin' me  
That's when shit got real, is you ready to fall for me?

Ready to fall for me, ready to fall for me
