Summrs

Hey
Aye
Yeah
Yeah

Shorty off the molly feeling on my body
And I'm off a oxy, barely feeling, got me numb
Gas it got me so fucking high, baby I feel like I'm in the fuck
ing sky right now
Push-up, I'm up in that beamer
Baby tell me what's up
I would never ever mislead you
I would never ever mistreat you
I just really really wanna love you
I just really wanna love you
Need someone to give my love to
Need someone to give my love to
Need someone to give my love to
Need someone, I think that one is you
I think that one is you
I think that one is you
When it's just us two
Yuh, ay, hey, yuh
