

Dialogue

Sun Caged

You could not have known it would be this way
That I must believe
Music in my heart but nothing to say
That all ends today
Since you chose to leave... me
I cannot explain what you gave to me
How could you dare
Did you think I would not know in my despair

I'm your savior, I'm dying for you
As my savior would have me do

Now the soul torn in two, the search for the truth
Will he see the light
Like a storm in the night, it reaches far beyond
All reason and sight

(chorus)

Can this be the final warning
Leading nowhere the road keeps turning but I can't read
the signs

Even if I could believe that likeness undenied
Still can't forgive all the time they lied
An endless dialogue inside my mind

You have given me the key to the secrets inside me
But this is not the way it was meant to be
How I wish that I could believe words cannot say

I'm your savior I'm dying for you
As my savior would have me do
Feel your anger don't let it change you
You'll find every day a piece of the truth
