

Friends of Mine

Sundara Karma

Mary wants to give it one last try
Sally says she's leaving it all behind
And I'm losing track of these memories
And all the things that you said to me
'Cause it never ends
No, it never ends

Will someone bring me back to life
I promise that I'll love again
These are the best of times
Somedays it feels like
I'm caught in the rain
And I'm waiting for the sun to shine
Better call those friends of mine

Kelly wishes he had thicker skin
Cindy says she's bored of staying in
Well me I'm at ease when I'm on my knees
Not man enough like these guys you see
And it never ends
No it never ends

Will someone bring me back to life
I promise that I'll love again
These are the best of times
Somedays it feels like
I'm caught in the rain
And I'm waiting for the sun to shine
Better call those friends of mine

Will someone bring me back to life
I promise that I'll love again
These are the best of times
Somedays it feels like
I'm caught in the rain
And I'm waiting for the sun to shine
Better call those friends of mine

They're on my side
They keep me alive
These friends of mine
They're one of a kind

They're on my side
They keep me alive
These friends of mine
They're one of a kind

They're on my side
They keep me alive
These friends of mine
They're one of a kind

They're on my side
They keep me alive
These friends of mine
They're one of a kind

They're on my side
They keep me alive
These friends of mine
They're one of a kind

They're on my side
They keep me alive
These friends of mine
They're one of a kind
