

One Last Night on This Earth

Sundara Karma

Dancing heathen, take and feel the floor
And the swirling swirl is begging us for more
Johnny is there but he only deals in heartbreak

One last night on this earth
(One last night on this earth)
Can you teach me how the heart works?
And the essence of your human quirks?
When you start taking it off
(One last night on this earth)
Can you teach me how to feel touch?
How to let go when the seasons change?

Lightning strikes upon the eleventh hour
When the cyborg pilates take us to the tower
And honestly I thought you were the one

One last night on this earth
(One last night on this earth)
Can you teach me how the heart works?
And the essence of your human quirks?
When you start taking it off
(One last night on this earth)
Can you teach me how to feel touch?
(Can you teach me how to lose touch?)
How to let go when the seasons change?

Love might get me home
I've the seen the bluest skies, high as mountains
Uh, I've seen it all
But this is nothing short of fucking wonderful

One last night on this earth
(One last night on this earth)
Can you teach me how the heart works?
And the essence of your human quirks?
One last night on earth
(One last night on this earh)
And it was even worth the heartache
Cause I suffer when my heart breaks
