

# Sounds Good To Me

Sundara Karma

Take all of me with you  
'Cause I'm already cut through  
Let's restart and renew  
You say you don't want to

Sounds good to me  
Sounds good to me

How wonderful if we could agree

I kissed you deep  
Tears in your eyes  
You held my hand  
We said goodbye

Now the best of him is wasted  
As he lies with her naked  
And the worst in me can't take it  
He say's it's what he wanted

Sounds good to me, boy  
Sounds good to me, boy

But what if we're worth keeping?  
Is it too late to be asking?  
I'm losing at the races  
He's making new friends  
And at the end of everything

He still pretends  
He turns to me  
I look away  
Said all the things  
We shouldn't say

I kissed him deep  
Tears in his eyes  
Anything he needs  
Sounds good to me

Sounds good to me, boy  
Sounds good to me, boy  
Sounds good to me, boy  
Sounds good to me, boy

Sounds good to me  
Sounds good to me  
Sounds good to me  
Sounds good to me
