

YOUR TOUCH

Sundara Karma

Something's wrong
Something's happened
I came with all
But I'm left with nothing
Fruit [?]
Those eager bridals
Cradle me
As if I were your child

(Dying, dying...)
Shed my feelings
Shed your body too
Shed my feelings
Shed your body too
Shed my feelings
Shed your body too
Shed my feelings

Love sent to
Waiting around, waiting
Swept into
Can't help but blush
I strayed for your touch
I'd kill them for your touch

Wind and rain
The seasons swarming
Deep in debt
Your arms unfurling
Vertically
The ugly duckling
Mustn't wait
For the green [?]

(Crying, crying...)
Shed my feelings
Shed your body too
Shed my feelings
Shed your body too
Shed my feelings
Shed your body too
Shed my feelings

Love sent to
Waiting around, waiting
Swept into
Can't help but blush
I strayed for your touch
I'd kill them for your touch
I strayed for your touch
I'd kill them for your touch

Look around
Just look around town...
Shed my feelings
Shed your body too...

Love sent to
Waiting around, waiting
Swept into
Can't help but blush
I strayed for your touch
I'd kill them for your touch
I strayed for your touch
I'd kill them for your touch
