

Drunk Right

Sundy Best

Well, I'm gonna get drunk, I'm gon get right
Be wilder than hell just about midnight
Well, the grass is red, the moonshine's white
Yeah, I'm gonna get drunk, I'm gon get right

Well, I've been drinkin about ten years
Spent all my money on right gun beer
So I go up a holler, put up my steel, get a couple more drinks
for a ten dollar bill

Yeah, I'm gonna get drunk, I'm gon get right
Be wilder than hell just about midnight
Well, the grass is red, the moonshine's white
Yeah, I'm gonna get drunk, I'm gon get right

I got high last night and the night before
Yeah, I caught a little buzz on my front porch
I was like a black bird way up in a tree
I can't open my eyes, baby I can't see

Yeah, I'm gonna get drunk, I'm gon get right
Be wilder than hell just about midnight
Well, the grass is red, the moonshine's white
Yeah, I'm gonna get drunk, I'm gon get right

Well, I might get a little rowdy, and I might get a little loud
But I was raised up in floyd county
We need more rednecks in this town

Well, me and my friends we live all alone in a little brown sha
ck that we call our home
Well, the neighbors like wine, we like beer
Need a few more hicks like us round here

Yeah, I'm gonna get drunk, I'm gon get right
Be wilder than hell just about midnight
Well, the grass is red, the moonshine's white
Yeah, I'm gonna get drunk, I'm gon get right
