

## Wild One

Sundy Best

I lie awake here sick in bed  
Clouds of doubt they fill my head  
Most days I wish that I was dead  
As I lie awake here sick in bed

I think of love I've all but lost  
The memories that I have tossed  
Thrown away without cost  
Yeah I think of love I've all but lost

Yeah I've been a wild one  
Without any fear  
And I've been a dumb one  
I'm lucky to be here  
And I'm just thankful  
So I kneel down on the floor  
Cause I don't ever wanna be the wild one anymore

The days go by and they go by quick  
You gonna die so you better live  
You get hurt and you forgive  
Cause the days go by and they go by quick

Yeah I've been a wild one  
Without any fear  
And I've been a dumb one  
I'm lucky to be here  
And I'm just thankful  
So I kneel down on the floor  
Cause I don't ever wanna be the wild one anymore

I've seen love bring up the sun  
And I've seen love that wars have won  
You'll be my love when I am done  
Yeah I've seen love bring up the sun

Yeah I've been a wild one  
Without any fear  
And I've been a dumb one  
I'm lucky to be here  
And I'm just thankful  
So I kneel down on the floor  
Cause I don't ever wanna be the wild one anymore
