

Headful Of Sugar

Sunflower Bean

Babe I wanna feed your hunger
Babe I wanna feed your hunger
Babe I wanna feed your hunger

I had a little too much fun today
I got caught up in a memory that took me away
I was trying to escape but I couldn't wake

I had a little too much fun today
I got caught up in a memory that took me away
I was trying to escape but I couldn't wake

I've got a headful of sugar
Want to make your heart beat faster
I've got a headful of sugar
Want to defeat your power
Babe, I wanna feed your hunger

I had a little too much fun today
I got caught up in a memory that took me away
I was trying to escape but I couldn't wake

(I had a little too much fun) I've got a headful of sugar
(I had a little too much fun) Want to make your heart beat faster
(I had a little too much fun) I've got a headful of sugar
(I had a little too much fun) Want to defeat your power

Babe, I wanna feed your hunger
Babe, I wanna feed your hunger
Babe, I wanna feed your hunger
Babe, I wanna feed your hunger
